Enclosures: a) SPRWG report to the Council
b) Draft IHO strategic plan (version 20th of July 2019) – track change version
c) Draft IHO strategic plan (version 20th of July 2019) – clean version

Dear members of the Strategic Plan Review Working Group,

1. I would like to thank you for all your contributions during the final stage of the preparation of the draft revised strategic plan submitted to the Council of the IHO. All these elements have been considered, and I wish to briefly report to you on how they have taken into account.
2. Clarifications and editorial changes proposed by NL, CL and BR have been included in the draft. I hope that we managed to grasp your most important proposals.
3. There is still some work to be done on the SPI (see §13 of the report). As proposed by BR, their wording has been adapted to distinguish the measure from its expected value at the completion of the strategic plan (see also §14 of the report to C-3 on this point).
4. As proposed by CL, a mention of the finances has been included in the section IV (“Implementation Framework”), as indeed a key element for the implementation of the strategic plan.
5. Following a proposal by NL, the SPI related to ENC overlaps has been removed, being considered that, although important, it should be considered at the level of the work programme
6. Not all your suggestions have been incorporated. I suggest that you could consider providing additional comments for the Red Book, comments to be sent to the IHO Secretariat (cl-lc@iho.int) before the 6th of August in order to be published in this Red Book.

With my warm thanks and best regards,
