

*Annex A to the Report of the IHO HSSC to the Council 6 –*

*Proposed New IHO Resolution xx/2023 on the S-100 Implementation  
to be endorsed by the Council 6 and submitted to Assembly 3 for Member Stated Approval.*

HSSC propose an overarching IHO Resolution on S-100, embracing concepts and pathways depicted in the Roadmap for the S-100 Implementation Decade (2020 – 2030) and with reference to the IMO Resolution on Performance Standards for ECDIS and the in force dates agreed upon. The new IHO Resolution is proposed as follows:

**IHO Resolution xx/2023 – S-100 Implementation**

It is resolved that S-100 implementation be monitored by the Council through the Roadmap for the S-100 Implementation Decade (2020 – 2030 and guided by its Annexes.

- a) Collaboration with IMO and other liaising Organizations.
- b) S-100 Timelines
- c) WEND-100 Principles
- d) Dual Fuel Concept for S-100 ECDIS

The IHO Member States should respect the IMO Resolution on Performance Standards for ECDIS and the in force dates agreed upon, understanding that adequate S-101 ENC coverage and appropriate complementary S-100 data/products services are expected when S-100 ECDIS becomes operational.
