2. Submission of **S-130 Product Specification 1.0.0**
for approval by HSSC

IHO

PROBLEMS OR OUTSTANDING ISSUES

International
Hydrographic
Organization

1. Discussion on producer(s) of authoritative S-130 dataset, consultation with HSSC needed.
2. Unbalanced distribution of work within PT – among others – due to small size.

IHO

FUTURE WORK PROGRAMME

International
Hydrographic
Organization

1. Initial implementation S-130 Edition 1.0.0 *(before 2023/2024)*
2. Development S-130 PS Edition 2.0.0 *(before HSSC 16)*
- * 3. Development S-130 sample dataset *(before 2023/2024)*

IHO

ACTIONS REQUESTED FROM HSSC

International
Hydrographic
Organization

1. Take note of the S-130PT report
2. Review and endorse the work plan presented in the S-130PT report
3. Take note of the discussion regarding the producer(s) of the authoritative S-130 dataset and decide on the most suitable way forward
