Hydrographic
Organization

S-100WG7

S-100 Validation			
8.1	Validation	<p>S-100WG noted the report presented by the S-100WG Chair; and noted that the S-100 Validation Checks will need to have a designated home that allows for ease of maintenance, either as its own specification or an Annex to S-100. The S100WG chair will note this as part of the report to HSSC (for example S-158 or Annex to S-100).</p> <p>[Action 7/40] Validation Sub-Group to develop S-100 validation document and submit the draft at the next S-100WG meeting for endorsement.</p>	S-100WG8

AGENDA ITEM	SUBJECT	ACTIONS (in bold, action by)	Remarks (Target)
8.2	Validation workshop	<p>S-100WG noted that explanation of background, existing work and discussion around potential issues.</p> <p>[Action 7/41] S-100 Validation Sub-Group to update the validation diagram taking into consideration discussion during the meeting and report to the next TSM meeting for discussion.</p> <p>[Decision 7/29] S-100 Validation Sub-Group to work taking into consideration of related papers from the DQWG.</p> <p>[Action 7/42] S-100WG Chair to report the progress on the validation, with a focus on delivering in time for Edition 2.0.0 for S-104 and S-111, and request funding from the IHO Special Projects Fund for the validation work at the next HSSC meeting.</p>	Feb.2022 HSSC15
8.2	Validation workshop	<p>[Action 7/43] S-100 Validation Sub-Group/IHO Sec to set up an IHO <u>GitHub</u> for the validation tasks.</p> <p>[Decision 7/30] Validation workshop organized by the S-100 Validation Sub-Group to be hosted in Middle of 2023 in Monaco.</p>	TSM9
