Draft Revised Terms of Reference (ToR) and Rules of Procedure (RoP) for CPRNW

Submitted by Chairman of CPRNW

SUMMARY

Executive Summary: IHB CL 115/2007 provides details of the revised ToR and RoP, approved by IHO MS for all IHO bodies following the entry into force of the new Committee Structure on 1 January 2009. In order for CPRNW to operate effectively and efficiently the Chairman believes that some amendments are necessary and a draft set of amendments are attached for consideration by CPRNW10.

Action to be taken: Paragraph 4

1. The International Hydrographic Conference (IHC) in May 2007 approved the entry into force of a new committee structure for the IHO no later than 1 January 2009. The IHC invited the IHB to carry out some additional work to further harmonise the ToRs and RoPs between the various bodies. The IHB concluded this work and the approved ToRs and RoPs were circulated to Member States by CL 115/07.

2. CL 115/07 does not reflect the decision of CPRNW9 to propose a change of name from the PRNW SC to the WWNWS-SC (CPRNW9 report Para 6.2). This decision was not circulated to Member States for approval as it was agreed that further work would be required on the ToR and RoP at CPRNW10 in August 2008.

3. Having considered the ToR and RoP as published in CL115/07 the Chair has prepared some amendments, as shown in the attached document, which are intended to allow the WWNWS-SC to continue the good work of CPRNW in an increasingly effective and efficient manner.

4. CPRNW10 is invited to consider the attached draft revised ToR and RoP for the IHO WWNWS-SC and approve them for submission to the 1st Meeting of the (Inter Regional Coordination Committee (IRCC) for approval and submission to IHO Member States for adoption.
